

🎵 Try a little kindness

Shine your light for everyone to see!

Vice Principal Dawn Normoyle shared a special treat with the Grade 6 class at École Steffie Woima Elementary, who had touched many hearts with their kind gestures over the last while. They had been spotted helping to sprinkle sidewalk sand, assisting their teacher with classroom tasks, and being kind and helpful to their peers. Earlier that morning, classmate Finnley Lightbawn (below) had left a special note and homebaked cookies in the staffroom. These students have clearly paid attention to the school's bulletin board message!

Enjoy Winter Break!

A big thank you to everyone who will be working next week.
