

Visioning, collaborating, working to make next school year great!

Working together - As we enter the last month of this school year, staff are already looking ahead to 2022-2023. Admin teams from all Chinook's Edge schools met for a full day recently, to set a course for the new year together. Administrators, as with all staff groups, benefit from learning and working together towards the three divisional goals: Academic Excellence, Social Emotional Well-being, Career Connections.

Collaborating at Colony Schools: Staff who work at the four Colony Schools in Chinook's Edge work closely together to ensure effective learning for their students: Robin Bell (Neudorf), Lisa McCaw (May City), Daryl Brown (Colony Schools Principal), Deb Rafuse (Rainbow) and Sandra Wijesinghe (Pine Hill).

Moving forward - A crane works to place new modular classrooms on the southside of École Olds High School. The space will be fully operational in mid-June and a portion of it will be the site of Career High programming in Olds beginning in the fall.

Summer School 2022: Chinook's Edge School Division is proud to offer summer school programming in three communities, making it convenient for high school students to take courses for credit. Summer School is available in Innisfail, Sylvan Lake and Olds in July. Visit [the website](http://www.cesd73.ca) for details!
