

Ready to learn in Chinook's Edge

Kinder detectives - Students at Jessie Duncan School in Penhold were set with their clipboards and magnifying lenses to search out circle shapes in their school grounds.

Reconciliation - River Valley School in Sundre held a school-wide project to honour students of residential schools by painting rocks with messages. Grade 2 students display their work.

Family of learners

Grade 1-6 students at Bowden Grandview School spent Orange Shirt Day exploring the concept of clans, by gathering in cross-graded groups to research and present the meaning of their assigned clan.

Safety first

Transportation staff lead students through bus evacuation drills regularly, to ensure all riders are familiar with the many details that keep nearly 4,000 student riders safe each day! Students from Olds Koinonia Christian School are pictured above.

It takes a village - As part of the kitchen safety unit in Foods class, a volunteer from the Carstairs Fire Department helped teach Jakob, a visually impaired student at Hugh Sutherland School, to properly use the fire extinguisher.

October is [Canadian Library Month](#) and October 24 is [Canadian School Library](#) Day to highlight the important role libraries have in people's lives. October 24 is a day to recognize how important school libraries are to education and in the lives of students. Thank you to all our Library / Learning Commons folks for your vital role on the Chinook's Edge team!

This week's Staff Health & Wellness profile is: [Jeff Anderson](#), Penhold Crossing Secondary School
