

Making a list! Trustees Sherry Cooper and Linda Wagers judged the fun Division Office door decorating festivities and were checking their list outside Learning Services.

That's a wrap! Each year, Division Office staff work together to gather and deliver Christmas gifts for a Chinook's Edge family who can use a hand.

Generous community - Olds Koinonia Christian School packed 281 shoeboxes for Operation Christmas Child.

Little shoppers - Delburne Centralized School kicked off the season with their annual Christmas Treasure Sale.

Merry Christmas from Laurette and Sandy!

Back to the future!

Hi - it's my pleasure to be returning to Chinook's Edge in the role of Communications Coordinator! I started the communications program over 20 years ago, and then left it in Sandy's capable hands while I became a communications consultant part time, which allowed me to spend more time with my children.

Sandy and I first met in 2003, when her role at Olds College and my role at Chinook's Edge were tasked with conveying the new vision for the Community Learning Campus. When I saw her at work, I knew she would be a perfect communications ambassador for Chinook's Edge - and I was right! Now, as we all bid her a happy retirement, I'm very happy that Sandy will be staying on in a casual communications role. Part of this will be continuing to produce the Celebrating Chinook's Edge bulletin for the time being.

I'm happy to be working with Sandy and with all of you. We will chat more in the new year. Happy holidays to you all! *Laurette Woodward*
